PART 1 –Eligibility Changes Made since FY 2005

(Complete this section for EACH change)

1. **Name of eligibility change:** Solely State Funded Program
2. **Implementation date of eligibility change:** October 1, 2006
3. **Description of policy, including the change from prior policy:**

Nebraska has implemented a solely state funded program for two-parent families and families where the adult or minor parent is incapacitated with a medically determinable physical, mental, or emotional impairment or who has significant barriers to participation in approved work activities. Exemptions include a person who:

- a. Has an illness or injury serious enough to temporarily prevent entry into employment or participating in another *Employment First* component activity for up to three months;
- b. Is incapacitated with a medically determinable physical or mental impairment which, by itself or in conjunction with age, prevents the individual from engaging in employment or participating in another *Employment First* component activity and which is expected to exist for a continuous period of at least three months;
- c. A person age 65 or older;
- d. A parent who is needed in the home on a continuous basis to provide care for a disabled family member living in the home who does not attend school on a full-time basis and no other appropriate member of the household is available to provide the needed care;
- e. A victim of domestic violence and where participation in *Employment First* approved work activities would make it more difficult for the individual to escape violence, or unfairly penalize the individual, or would put the individual at risk of further domestic violence;
- f. A single custodial parent who is unable to participate because s/he cannot obtain child care for his/her child age five or younger for one or more of the following reasons:
 - Unavailability of appropriate child care within a reasonable distance from the client’s home or work site;
 - Unavailability or unsuitability of informal child care by a relative or under other arrangements; or
 - Unavailability of appropriate and affordable formal child care arrangements.

Eligibility requirements are identical to the TANF cash assistance program.

1. **Name of eligibility change:** Transitional Payments

2. **Implementation date of eligibility change:** October 1, 2007

3. **Description of policy, including the change from prior policy:**

Nebraska replaced the single transitional grant with up to five transitional grants, each being equal to 1/5 of the ADC payment standard for the family's size. These grants are available for families who:

- a. Lost eligibility for a grant because of increased earnings or increased hours of employment of the parent or needy caretaker relative or guardian or conservator; (The parent or needy caretaker relative or guardian or conservator must be in the household.)
- b. Meets the requirements to qualify for Transitional Medical Assistance.
- c. Must have been eligible for an ADC grant in the month immediately preceding the first month of eligibility for the transitional grant.

In order to continue to receive transitional grants for the full five-month period, the family must meet the following requirements:

- a. The family's earned income cannot exceed 185 percent of the federal poverty level for the family's size;
- b. The parent or needy caretaker relative or guardian or conservator must be employed;
- c. The family continues to reside in the State of Nebraska;
- d. The family must continue to include a dependent child;
- e. The family must remain ineligible to receive an ADC grant.

FORM ACF-202 – TANF CASELOAD REDUCTION REPORT

4. Description of the methodology used to calculate the estimated impact of this eligibility change: (attach supporting materials to this form)

An average of 156 cases per month are transitional grant cases. These cases are included in our caseload counts on the ACF-199. The single transitional grant was not.

1. **Name of eligibility change:** Time Limits

2. **Implementation date of eligibility change:** October 1, 2007

3. **Description of policy, including the change from prior policy:**

Nebraska eliminated the state’s time limit of 24 months within a 48 month period and adopted the federal 60 month lifetime limit.

ADC recipient families that include an adult or minor parent who meets the definition of a work-eligible individual are subject to the time limit, unless otherwise exempt.

Families subject to the time limit may receive an ADC cash payment for which they are eligible for a total of 60 months in a lifetime. The 60-month lifetime limit begins with the first month the family is determined to be eligible for and receives ADC cash assistance and includes any months of TANF benefits received in another state.

4. **Description of the methodology used to calculate the estimated impact of this eligibility change:**
(attach supporting materials to this form)

During FFY2007, an average of 5 cases per month were closed due to the 24/48 month time limit. Under the new policy, these cases would now remain open. In FFY2023, an average of 19 cases closed per month due to the 60-month time limit. The net effect is a monthly increase of 14 cases per month. The median length of time on assistance in September 2023 is 9 months. The typical (median) length of time is based on the total number of ADC months in a current spell. A current spell is the most recent number of consecutive months of ADC grant payments ending in the current month. Using the median length of time on assistance, once on assistance, these families are estimated to remain on for 9 months.

1. Name of eligibility change: Elimination of eligibility for LPRs in the US less than 5 years

2. Implementation date of eligibility change: July 1, 2011

3. Description of policy, including the change from prior policy:

Due to passage of Legislative Bill 465 by the Nebraska Legislature, Nebraska ceased paying state-funded Aid to Dependent Children benefits to Lawful Permanent Resident aliens who have resided in the United States for less than five years. This group lost eligibility for these state-funded benefits as of July 1, 2011. Eligibility for U.S. citizen children who were born to parents losing eligibility under LB 465 did continue.

4. Description of the methodology used to calculate the estimated impact of this eligibility change:
(attach supporting materials to this form)

It is estimated that approximately 6 cases per year would be affected by this policy change, or .5 per month. The median length of time on assistance in September 2023 is 9 months. The typical (median) length of time is based on the total number of ADC months in a current spell. A current spell is the most recent number of consecutive months of ADC grant payments ending in the current month. Using the median length of time on assistance, once on assistance, these families are estimated to remain on for 9 months.
