TREATMENT OF EXCESS RESOURCES UNDER 1902(r)(2)

Excess resources make the individual ineligible. Once the excess resources have been reduced to the allowable limit, eligibility may begin –

1. The first day of the month in which the resources are actually reduced to or below the allowable limit if the resources were not used to pay bills incurred in a prior month. The resources may be reduced by paying any bills or by purchasing any items of need.
2. The first day of the month in which the most recent bill (s) for maintenance or medical was incurred which was paid to reduce the excess resources. Maintenance needs include items such as food, shelter, clothing, transportation and personal comfort items. Qualifying bills would be those incurred by the client, the client's spouse or dependent child(ren).

Example

<u>Medicaid Bills Incurred</u>	<u>Application Made</u>	<u>Bills Paid</u>
Jan. 1, Feb. 3, Mar. 5, Mar. 25	March	April
	Excess Resources	Below Resources

If bills from Jan. 1 and Feb.3 were used to reduce resources, eligibility would begin Feb. 1 even though the bills were not actually paid until April.

This methodology would apply to all eligibility groups except deemed cash recipients and Qualified Medicare Beneficiary's.

All of the requirements of 1917(c)(4) are met for individuals who dispose of resources for less than fair market value.

Eligibility will never begin before the third month before the month of application.

From the date of determination of eligibility for Medicaid, an applicant has 90 days in which to spend down excess resources to become retroactively eligible for Medicaid.

STATE LONG-TERM CARE INSURANCE PARTNERSHIP

1902(r)(2)  
1917(b)(1)(C)

The following more liberal methodology applies to individuals who are eligible for medical assistance under one of the following eligibility groups:

**1902(a)(10)(A)(ii)(I), 1902(a)(10)(A)(ii)(X), 1902(a)(10)(C) -  
(Section 1905(a)(iii), Section 1905(a)(iv) & Section 1905(a)(v))**

An individual who is a beneficiary under a long-term care insurance policy that meets the requirements of a "qualified State long-term care insurance partnership" policy (partnership policy) as set forth below, is given a resource disregard as described in this amendment. The amount of the disregard is equal to the amount of the insurance benefit payments made to or on behalf of the individual. The term "long-term care insurance policy" includes a certificate issued under a group insurance contract.

- The State Medicaid Agency (Agency) stipulates that the following requirements will be satisfied in order for a long-term care policy to qualify for a disregard. Where appropriate, the Agency relies on attestations by the State Insurance Commissioner (Commissioner) or other State official charged with regulation and oversight of insurance policies sold in the state, regarding information within the expertise of the State's Insurance Department.
- The policy is a qualified long-term care insurance policy as defined in section 7702B(b) of the Internal Revenue Code of 1986.
- The policy meets the requirements of the long-term care insurance model regulation and long-term care insurance model Act promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000) as those requirements are set forth in section 1917(b)(5)(A) of the Social Security Act.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Nebraska

STATE LONG-TERM CARE INSURANCE PARTNERSHIP

- The policy was issued no earlier than the effective date of this State plan amendment.
- The insured individual was a resident of a Partnership State when coverage first became effective under the policy. If the policy is later exchanged for a different long-term care policy, the individual was a resident of a Partnership State when coverage under the earliest policy became effective.
- The policy meets the inflation protection requirements set forth in section 1917(b)(1)(C)(iii)(IV) of the Social Security Act.
- The Commissioner requires the issuer of the policy to make regular reports to the Secretary that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.
- The State does not impose any requirement affecting the terms or benefits of a partnership policy that the state does not also impose on non-partnership policies.
- The State Insurance Department assures that any individual who sells a partnership policy receives training, and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.
- The Agency provides information and technical assistance to the Insurance Department regarding the training described above.

The period of ineligibility shall begin with the month in which the resources were transferred and the number of months will be equal to the less of 30 months, or the total uncompensated value of the transferred resources divided by the average cost to a private patient at the time of application, of nursing facility services.

B. Transfer of the home of an individual who is an inpatient in a medical institution or nursing facility.

1. A period of ineligibility is not imposed if the resource transferred were a home and title to the home was transferred to-

- a. the spouse of the individual,
- b. a child of the individual who is under age 21, or is blind or disabled,

TRANSFER OF ASSETS

1917(c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.

1. Institutionalized individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency withholds payment to institutionalized individuals for the following services:

Payments based on a level of care in a nursing facility;

Payments based on a nursing facility level of care in a medical institution;

Home and community-based services under a 1915 waiver.

2. Non-institutionalized individuals:

- The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7));

Home and community care for functionally disabled and elderly adults (section 1905(a)(22));

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

- The following other long-term care services for which medical assistance is otherwise under the agency plan:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

TRANSFER OF ASSETS

3. Penalty Date--  
The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
- the first day of the month in which the asset was transferred;
  - the first day of the month following the month of transfer.
4. Penalty Period - Institutionalized Individuals--  
In determining the penalty for an institutionalized individual, the agency uses:
- the average monthly cost to a private patient of nursing facility services in the agency;
  - the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.
5. Penalty Period-Non-institutionalized Individuals--  
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;
- imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

State: Nebraska

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care -

a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:

does not impose a penalty;

imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.

b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:

does not impose a penalty;

imposes a series of penalties, each for less than a full month.

7. Transfers made so that penalty periods would overlap -  
The agency:

totals the value of all assets transferred to produce a single penalty period;

calculates the individual penalty periods and imposes them sequentially.

8. Transfers made so that penalty periods would not overlap -  
The agency:

assigns each transfer its own penalty period;

uses the method outlined below:

State: Nebraska

### TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual -
- a. The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.
  - b. If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset -  
When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods.

For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

The agency uses an alternate method to calculate penalty periods, as described below:

#### TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship--

The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

- a. The client will be sent a notice that their Medicaid case is being closed or application rejected due to a gratuitous transfer, the length of the penalty period and notification that they can claim undue hardship.
- b. The client must then file for an administrative hearing within 90 days from this notice to follow-up on their claim of undue hardship.
- c. The client and/or their representative must present their claim and supporting documentation.
- d. A decision/finding is issued within 45 days.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

Factors that would be considered would include but are not limited to: whether the client's health or life would be endangered; whether the application of a penalty would deprive the client or financially dependent family members of food, clothing, or shelter; whether the individual made a reasonable attempt to recover the assets.

9. Imposition of a penalty would work an undue hardship--

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:

- (a) Of medical care such that the individual's health or life would be endangered; or
- (b) Of food, clothing, shelter, or other necessities of life.

10. Procedures for Undue Hardship waivers

The agency has established a process under which hardship waivers may be requested that provides for:

- (b) A timely process for determining whether an undue hardship waiver will be granted; and
- (c) A process, which is described in the notice, under which an adverse determination can be appealed.

ASSET VERIFICATION SYSTEM

- 1940(a)  
of the Act
1. The agency will provide for the verification of assets for purposes of determining or re-determining Medicaid eligibility for aged, blind and disabled Medicaid applicants and recipients using an Asset Verification System (AVS) that meets the following minimum requirements.
    - A. The request and response system must be electronic:
      - (1) Verification inquiries must be sent electronically via the internet or similar means from the agency to the financial institution (FI).
      - (2) The system cannot be based on mailing paper-based requests.
      - (3) The system must have the capability to accept responses electronically.
    - B. The system must be secure, based on a recognized industry standard of security (e.g., as defined by the U.S. Commerce Department's National Institute of Standards and Technology, or NIST).
    - C. The system must establish and maintain a database of FIs that participate in the agency's AVS.
    - D. Verification requests also must be sent to FIs other than those identified by applicants and recipients, based on some logic such as geographic proximity to the applicant's home address, or other reasonable factors whenever the agency determines that such requests are needed to determine or re-determine the individual's eligibility.
    - E. The verification requests must include a request for information on both open and closed accounts, going back up to 5 years as determined by the State.

In 3 below provide any additional information the agency wants to include.

C. The agency will be joining a consortium to develop an AVS.

D. The agency already has a system in place that meets the requirements for an acceptable AVS.

In 3 below, describe how the existing system meets the requirements in Section 1.

E. Other alternative not included in A. – D. above.

In 3 below, describe this alternative approach and how it will meet the requirements in Section 1.

## ASSET VERIFICATION SYSTEM

3. Provide the AVS implementation information requested for the implementation approach checked in Section 2, and any other information the agency may want to include.

Nebraska Medicaid is preparing to take part in a multi-state consortium, and enter into a contract with the New England States Consortium System Organization (NESCSCO), to meet the Federal requirements in implementing an Asset Verification System (AVS). The intention of States in the consortium, is to ensure the AVS module and its different components have well documented system interfaces, providing the flexibility to connect with eligibility systems at different levels. Advantages include minimized procurement costs, purchasing leverage when negotiating with other states, collaboration across states for identifying business and technical requirements, and cost-shared customization.

## State Plan Under Title XIX of the Social Security Act

State: \_\_\_\_\_

### METHODOLOGY FOR IDENTIFICATION OF APPLICABLE FMAP RATES

The State will determine the appropriate FMAP rate for expenditures for individuals enrolled in the adult group described in 42 CFR 435.119 and receiving benefits in accordance with 42 CFR Part 440 Subpart C. The adult group FMAP methodology consists of two parts: an individual-based determination related to enrolled individuals, and as applicable, appropriate population-based adjustments.

#### Part 1 – Adult Group Individual Income-Based Determinations

For individuals eligible in the adult group, the state will make an individual income-based determination for purposes of the adult group FMAP methodology by comparing individual income to the relevant converted income eligibility standards in effect on December 1, 2009, and included in the MAGI Conversion Plan (Part 2) approved by CMS on \_\_\_\_\_. In general, and subject to any adjustments described in this SPA, under the adult group FMAP methodology, the expenditures of individuals with incomes below the relevant converted income standards for the applicable subgroup are considered as those for which the newly eligible FMAP is not available. The relevant MAGI-converted standards for each population group in the new adult group are described in Table 1.

**Table 1: Adult Group Eligibility Standards and FMAP Methodology Features**

## Part 2 – Population-based Adjustments to the Newly Eligible Population Based on Resource Test, Enrollment Cap or Special Circumstances

### A. Optional Resource Criteria Proxy Adjustment (42 CFR 433.206(d))

1. The state:

- Applies a resource proxy adjustment to a population group(s) that was subject to a resource test that was applicable on December 1, 2009.
- Does NOT apply a resource proxy adjustment (Skip items 2 through 3 and go to Section B).

Table 1 indicates the group or groups for which the state applies a resource proxy adjustment to the expenditures applicable for individuals eligible and enrolled under 42 CFR 435.119. A resource proxy adjustment is only permitted for a population group(s) that was subject to a resource test that was applicable on December 1, 2009.

The effective date(s) for application of the resource proxy adjustment is specified and described in Attachment B.

2. Data source used for resource proxy adjustments:

The state:

- Applies existing state data from periods before January 1, 2014.
- Applies data obtained through a post-eligibility statistically valid sample of individuals.

Data used in resource proxy adjustments is described in Attachment B.

3. Resource Proxy Methodology: Attachment B describes the sampling approach or other methodology used for calculating the adjustment.

### B. Enrollment Cap Adjustment (42 CFR 433.206(e))

1.  An enrollment cap adjustment is applied by the state (complete items 2 through 4).
- An enrollment cap adjustment is not applied by the state (skip items 2 through 4 and go to Section C).

2. Attachment C describes any enrollment caps authorized in section 1115 demonstrations as of December 1, 2009 that are applicable to populations that the state covers in the eligibility group described at 42 CFR 435.119 and received full benefits, benchmark benefits, or benchmark equivalent benefits as determined by CMS. The enrollment cap or caps are as specified in the applicable section 1115 demonstration special terms and conditions as confirmed by CMS, or in alternative authorized cap or caps as confirmed by CMS. Attach CMS correspondence confirming the applicable enrollment cap(s).
3. The state applies a combined enrollment cap adjustment for purposes of claiming FMAP in the adult group:
  - Yes. The combined enrollment cap adjustment is described in Attachment C
  - No.
4. Enrollment Cap Methodology: Attachment C describes the methodology for calculating the enrollment cap adjustment, including the use of combined enrollment caps, if applicable.

**C. Special Circumstances (42 CFR 433.206(g)) and Other Adjustments to the Adult Group FMAP Methodology**

1. The state:
  - Applies a special circumstances adjustment(s).
  - Does not apply a special circumstances adjustment.
2. The state:
  - Applies additional adjustment(s) to the adult group FMAP methodology (complete item 3).
  - Does not apply any additional adjustment(s) to the adult group FMAP methodology (skip item 3 and go to Part 3).
3. Attachment D describes the special circumstances and other proxy adjustment(s) that are applied, including the population groups to which the adjustments apply and the methodology for calculating the adjustments.

### Part 3 – One-Time Transitions of Previously Covered Populations into the New Adult Group

#### A. Transitioning Previous Section 1115 and State Plan Populations to the New Adult Group

- Individuals previously eligible for Medicaid coverage through a section 1115 demonstration program or a mandatory or optional state plan eligibility category will be transitioned to the new adult group described in 42 CFR 435.119 in accordance with a CMS-approved transition plan and/or a section 1902(e)(14)(A) waiver. For purposes of claiming federal funding at the appropriate FMAP for the populations transitioned to new adult group, the adult group FMAP methodology is applied pursuant to and as described in Attachment E, and where applicable, is subject to any special circumstances or other adjustments described in Attachment D.
- The state does not have any relevant populations requiring such transitions.

### Part 4 - Applicability of Special FMAP Rates

#### A. Expansion State Designation

The state:

- Does NOT meet the definition of expansion state in 42 CFR 433.204(b). (Skip section B and go to Part 5)
- Meets the definition of expansion state as defined in 42 CFR 433.204(b), determined in accordance with the CMS letter confirming expansion state status, dated \_\_\_\_\_.

#### B. Qualification for Temporary 2.2 Percentage Point Increase in FMAP.

The state:

- Does NOT qualify for temporary 2.2 percentage point increase in FMAP under 42 CFR 433.10(c)(7).
- Qualifies for temporary 2.2 percentage point increase in FMAP under 42 CFR 433.10(c)(7), determined in accordance with the CMS letter confirming eligibility for the temporary FMAP increase, dated \_\_\_\_\_. The state will not claim any federal funding for individuals determined eligible under 42 CFR 435.119 at the FMAP rate described in 42 CFR 433.10(c)(6).

## Part 5 - State Attestations

The State attests to the following:

- A. The application of the adult group FMAP methodology will not affect the timing or approval of any individual's eligibility for Medicaid.
- B. The application of the adult group FMAP methodology will not be biased in such a manner as to inappropriately establish the numbers of, or medical assistance expenditures for, individuals determined to be newly or not newly eligible.

### ATTACHMENTS

Not all of the attachments indicated below will apply to all states; some attachments may describe methodologies for multiple population groups within the new adult group. Indicate those of the following attachments which are included with this SPA:

- Attachment A – Conversion Plan Standards Referenced in Table 1
- Attachment B – Resource Criteria Proxy Methodology

## **Attachment E: Transition Methodologies**

Under the current Medicaid State Plan, Nebraska covers parents and caretaker relatives whose income is equal to or less than 58% of the Federal Poverty Level (FPL), and who are living with a dependent child. At this time, Nebraska applies the 5% income disregard to determinations for individuals whose income is above 58% of the FPL. Parents and caretaker relatives who currently meet income eligibility due to application of the 5% income disregard, and who are eligible in the adult group, will be transitioned into the adult group. Transition of this group will be handled administratively and will be effective with the implementation of the adult group.

Individuals aged 19 through 64 are also covered in Nebraska under certain Medically Needy groups. Individuals in these categories that meet income and eligibility criteria for the adult group will be transitioned into this group. This transition will be handled administratively, and will require information gathering by eligibility staff to ensure verifications needed for a MAGI determination are obtained. Information gathering will begin within three months of the planned implementation date to allow transition of these individuals effective with this date.
