Subject: Re: Nebraska's 407 Credentialing Review committee, scope of practice of Hearing Instrument Specialists.

Rod Briel

Daneil Rosenthal

Our pediatric hearing impaired population deserves the best care. Please ensure that the scope of practice of Hearing Instrument Specialists clearly states that their scope of practice does not include the pediatric population. Only licensed Audiologists are specifically trained to ensure the best care for this population.

Thank you,

Kathryn Newcomb MA, CCC-A Audiologist
